Title: Solar photocatalytic disinfection of agricultural pathogenic fungi (Curvularia sp.) in real urban wastewater

Journal: Science of the Total Environment

Hola Inma

I am pleased to inform you that your paper "Solar photocatalytic disinfection of agricultural pathogenic fungi (Curvularia sp.) in real urban wastewater" has been accepted for publication in STOTEN and forwarded to the publishers.

When your paper is published on ScienceDirect, you want to make sure it gets the attention it deserves. To help you get your message across, Elsevier has developed a new, free service called AudioSlides: brief, webcast-style presentations that are shown (publicly available) next to your published article. This format gives you the opportunity to explain your research in your own words and attract interest. You will receive an invitation email to create an AudioSlides presentation shortly. For more information and examples, please visit <http://www.elsevier.com/audioslides>.

Why not submit your tailored methods to MethodsX? The new open access journal publishes the tweaks you make to methods without the article padding, so you can get the credit for the time and effort you have put into making a method work for you. www.elsevier.com/locate/methodsX

Your accepted manuscript will now be transferred to our production department and work will begin on creation of the proof. If we need any additional information to create the proof, we will let you know. If not, you will be contacted again in the next few days with a request to approve the proof and to complete a number of online forms that are required for publication.

For any production related questions, including changes to proofs, please contact Jennifer Miranda (Journal Manager) J.Miranda@elsevier.com. There is no need to contact the editors.

Thank you for giving us the opportunity to review your article.

Sincerely, y muchos saludos

DAMIA BARCELO
Co Editor-in-Chief
