Dear Doris

I am writing to inform you that your piece Belfast Harbour is part of an exhibition entitled *Contemporary Artists from Northern Ireland*, which is taking place in Brussels from 23rd September 2011 to 3rd February 2012. The exhibition is part of the Brussels Platform, a new collaboration between the Arts Council of Northern Ireland and the Northern Ireland Executive Office in Brussels designed to showcase local artists on a European stage. The works are on display in their offices where they will be seen by a range of international visitors on an almost daily basis. There are further details about the Platform on our web site at <http://www.artscouncil-ni.org/news/2011/new27092011.html>

With best wishes.

Robert Stephenson
