### SPE Awards + Grants

SPE has a longstanding tradition of recognizing, and inspiring the achievements of its members by offering annual scholarships, grants and awards. Awards are presented annually at the national conference.

---

## **SPE International Conference Grant**

SPE's International Conference Grant was established in 2014 (for implementation in 2015) as an incentive to foster international submissions and participation in SPE's annual conferences. The grant was created in recognition of the higher financial burden facing international members who wish to present at SPE's annual conference. This grant is awarded to the three highest-ranked international conference proposal submissions, regardless of presentation category, if selected by the conference committee to present at the conference. Up to six individuals may benefit from this grant program each year.

The conference grant awards a full registration fee waiver and a complimentary one-year membership to each recipient. The award has a value of \$375 U.S.D.; equivalent to one conference ticket, currently \$250, and a one-year international membership, currently \$125.

*Proposals accepted March 6 - June 1*

## **SPE International Conference Grant**

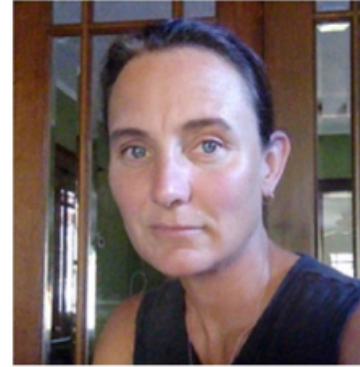

Congratulations to **Ailbhe Greaney** and **Edith Maybin** for receiving the 2017 SPE International Conference Grant!

SPE's International Conference Grant was established as an incentive to foster international submissions and participation in SPE's National Conferences. The grant is awarded to international conference proposal submissions ranked the highest by SPE's Peer Review Committee, regardless of presentation category, if selected by the Conference Committee to present at the conference. The conference grant awards a full registration fee waiver and a complimentary year of SPE membership to each recipient.

2017 International Conference Grant Recipient

Ailbhe Greaney

**SPE International Conference Grant - Ailbhe Greaney and Edith Maybin**

SPE's International Conference Grant was established to foster international submissions and participation in SPE's Conferences. The grant is awarded to international conference proposal submissions ranked the highest by SPE's Peer Review Committee.

Congratulations Ailbhe Greaney and Edith Maybin!
